SUBJECT: IRELAND DOES NOT OFFER EXPORT CREDIT SCHEMES TO
IRAN

REF: STATE 4760

(SBU) Ireland does not provide any state scheme of export credit insurance to Iran or any country, according to Gerry Wrynn, Department of Enterprise, Trade, and Employment (DETE) Assistant Principal Officer for Bilateral Trade Promotion, to whom Pol/Econ Chief delivered reftel demarche on January 22. Wrynn observed that Ireland fully adhered to UNSCR 1737 and EU policy as laid out in GAERC conclusions in May and October 2006, which called on EU Member States to exercise vigilance regarding the application of export controls on sensitive materials to Iran. He noted that any export license application for exports to Iran would be subject to stringent examination by DETE and the Department of Foreign Affairs.
